Mr. Willie Riddick,
919 Faulkland St.,
Norfolk, Va.

Dear Willie:

I received your wire, immediately called the Phila Stars on the telephone. They were not so enthusiastic about spending the two days in Norfolk, but they will stay, if we cannot get another team for the second day. They are trying to get the Baltimore Elite Giants to come with us on Wednesday. You may have the placards by this time, so whatever team they have on the cards is the one we will have with us. The same man who prints the cards has the Phila Stars Ball Club.

I do think Norfolk should be able to stand two nights, if it is worked up well. I hope you were able to get some good co-operation from the Papers..Drope me a line how things are going.

Very truly yours,
